About Us:

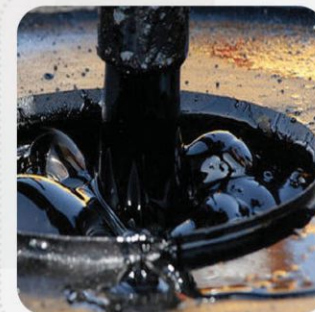

ManaHoor Industry and Trade Innovators Trading Company, with the help of its founders and managers' experience, has been registered in 2020 with the number 578934.

The ability and experience of managers in the field of international trade, as well as engineering in the production process, caused the company's marketable and exportable products to expand and be classified into three branches and departments of chemical, construction and food.

Knowing about countries and their approved conditions, with guaranteed quality, price and appropriate procedures, ManaHoor Trading Company, with the help of its R&D team, has been able to offer products to traders and buyers.
